ELKHORN FLEX SLING

The Elkhorn Flex Sling offers an innovative shoulder pad system that provides exceptional Comfort and Controlled Flex™ for Precision Hunting Rifles. Thick Padded Neoprene covers the system's internal control strap which is melded with our Tac-Grip™ nonslip gripper knobs which grab your shoulder in wet or dry conditions. The Fast Adjust slider pull quickly adjusts from shoulder to secure shooting. Made by Proud Americans™ with USA swivels.

FLAPPED RIFLE BUTT STOCK SHELL HOLDER

The Flapped Rifle Shell Holder offers a multi-function design for secure carry and protects additional rifle shells on your Precision Hunting Rifle. The Military Grade Materials include laser cut waterproof Laminate while the Tac-Grip™ inner layer holds it tight to the stock. The Heavy Duty Mil-Grade Elastic holds six rifle shells from .243 to .375 calibers. The Flap Design offers a removable 1/2" cheek riser for high mounted scopes.

PRS SHELL HOLDER

Each PRS Sling shell holder holds 2 extra rifle rounds for fast access when a hunting situation needs it. Set of 2 for 4 extra rounds. These shell holders securely fit into the MOLLE Slots on our PRS and Hands-Free Rifle Slings. Just add one or both to your PRS Rifle Sling as the situation dictates.

RZR® SLIMLINE SHOULDER PADS

The RZR Slimline Shoulder Pads provide superior padded comfort and shoulder protection with hunting and hiking packs or plate carriers. The pads are designed with our innovative Tac-Grip™ nonslip gripper layer to keep them in place on your shoulder. The one-wrap Velcro straps secures them to your current shoulder straps. The laser cut laminate outer layer does not absorb water and minimizes overall weight. The two 8" x 3" pads fits straps up to 2.5".
